Third Party Administrative Services provided by Aetna Life Insurance Company

Welcome

Thank you for choosing **Aetna**.

This is your booklet. It is one of two documents that together describe the benefits covered by the Fund's self-funded plan for in-network and out-of-network dental coverage.

This booklet will tell you about your **covered benefits** – what they are and how you get them. It replaces all booklets describing similar coverage that we sent to you before. The second document is the schedule of benefits. It tells you how we share expenses for **eligible dental services** and tells you about limits – like when your plan covers only a certain number of visits.

Each of these documents may have amendments attached to them. They change or add to the documents they're part of.

Where to next? Try the *Let's get started!* section. *Let's get started!* gives you a summary of how your plan works. The more you understand, the more you can get out of your plan.

Welcome to the Fund's self-funded plan.

Table of Contents

Let's get started!

Here are some basics. First things first – some notes on how we use words. Then we explain how your plan works so you can get the most out of your coverage. But for all the details – and this is very important – you need to read this entire booklet and the schedule of benefits. And if you need help or more information, we tell you how to reach us.

Some notes on how we use words

- When we say "you" and "your", we mean both you and any covered dependents.
- When we say "us", "we", and "our", we mean **Aetna** when we are describing administrative services provided by **Aetna** as Third Party Administrator.
- Some words appear in **bold** type and we define them in the *Glossary* section.

Sometimes we use technical dental language that is familiar to **dental providers**.

What your plan does – providing covered benefits

Your plan provides in-network and out-of-network **covered benefits**. These are **eligible dental services** for which your plan has the obligation to pay.

How your plan works – starting and stopping coverage

Your coverage under the plan has a start and an end. You start coverage after the eligibility and enrollment process is completed. To learn more see the *Who the plan covers* section.

Your coverage typically ends when you leave your job. Family members can lose coverage for many reasons, such as growing up and leaving home. To learn more see the *When coverage ends* section.

Ending coverage under the plan doesn't necessarily mean you lose coverage with us. See the *Special coverage options after your plan coverage ends* section.

How your plan works while you are covered in-network

Your in-network coverage helps you:

- Get and pay for a lot of – but not all – dental care services. These are called **eligible dental services**
- Pay less cost share when you use a **in-network provider**

Important note:
See the schedule of benefits for any **deductibles**, **payment percentage**, and maximum age or visit limits that may apply.

Eligible dental services

Eligible dental services meet these requirements:

- They are listed in the *Eligible dental services* section in the schedule of benefits.
- They are not carved out in the *What your plan doesn't cover – some eligible dental service exclusions* section. (We refer to this section as the "Exclusions" section.)
- They are not beyond any limits in the schedule of benefits.

Aetna's network of dental providers

Aetna's network of **dental providers** is there to give you the care you need. You can find **in-network providers** and see important information about them most easily on our online **provider directory**. Just log into your secure member website at www.aetna.com.

You can choose any **dental provider** who is in the dental network.

Your plan often will pay a bigger share for **eligible dental services** that you get through **in-network providers**, so choose **in-network providers** as soon as you can.

For more information about the **provider directory** and the role of your **dental provider**, see the *Who provides the care* section.

Paying for eligible dental services– the general requirements
There are general requirements for the plan to pay any part of the expense for an **eligible dental service**. They are:

- The **eligible dental service** is **medically necessary**.
- You get the **eligible dental services** from **in-network** or **out-of-network providers**.

You will find details on **medical necessity** requirements in the *Medical necessity* section.

Paying for eligible dental services– sharing the expense
Generally your plan and you will share the expense of your **eligible dental services** when you meet the general requirements for paying.

But sometimes your plan will pay the entire expense; and sometimes you will. For more information see the *What the plan pays and what you pay* section, and see the schedule of benefits.

How your plan works while you are covered out-of-network

The section above told you how your plan works while you are covered in-network. You also have coverage when you want to get your care from **providers** who are not part of the **Aetna** network. It's called out-of-network coverage.

Your out-of-network coverage:

- Means you can get care from **dental providers** who are not part of the **Aetna** network.
- Means you may have to pay for services at the time that they are provided. You may be required to pay the full charges and submit a claim for reimbursement to us. You are responsible for completing and submitting claim forms for reimbursement of **eligible dental services** that you paid directly to a **dental provider.**
- Means you will pay a higher cost share when you use an **out-of-network provider**.

You will find details on:

- **Out-of-network providers** and any exclusions in the *Who provides the care* section. Cost sharing in the *What the plan pays and what you pay* section, and your schedule of benefits.
- Claim information in the *When you disagree - claim decisions and appeals procedures* section.

You will find information in this section about:

- Who is eligible
- When you can join the plan
- Who can be on your plan (who can be your dependent)
- Adding new dependents
- Special times you and your dependents can join the plan

Who is eligible

The Fund decides and tells us who is eligible for dental care coverage.

When you can join the plan

As a participant you can enroll yourself and your dependents:

- If you are a regular full-time participant of a participating Fund, as defined by the Fund and you are a member in good standing of Local # 145 union.
- At other special times during the year. See the *Special times you and your dependents can join the plan* section for more information.

If you don't enroll yourself and your dependents when you first qualify for dental coverage, you may have to wait until the next annual enrollment period to join.

Who can be on your plan (who can be your dependent)

If your plan includes coverage for dependents, you can enroll the following family members on your plan. (They are referred to in this booklet as your "dependents".)

- Your legal spouse
- Your domestic partner who meets the rules set by the Fund and requirements under state law
- Your dependent children – your own or those of your spouse or domestic partner
    - Under age 26, and they include your:
        - Biological children
        - Stepchildren
        - Legally adopted children, including any children placed with you for adoption
        - Foster children
        - Children you are responsible for under a qualified medical support order or court-order (whether or not the child resides with you)
        - Grandchildren in your court-ordered custody

You may continue coverage for a disabled child past the age limit shown above. See the *Continuation of coverage for other reasons* in the *Special coverage options after your plan coverage ends* section for more information.

Adding new dependents

You can add the following new dependents any time during the year:

- A spouse - if you marry, you can put your spouse on your plan.
  - The Fund must receive your completed enrollment information not more than 31 days after the date of your marriage.
  - Ask the Fund when benefits for your spouse will begin. It will be:
    - No later than the first day of the first calendar month after the date the Fund receives your completed enrollment information and
    - Within 31 days of the date of your marriage.
- A domestic partner - if you enter a domestic partnership, you can enroll your domestic partner on your dental plan.
  - The Fund must receive your completed enrollment information not more than 31 days after the date you file a Declaration of Domestic Partnership, or not later than 31 days after you provide documentation required by the Fund.
  - Ask the Fund when benefits for your domestic partner will begin. It will be either on the date your Declaration of Domestic Partnership is filed or the first day of the month following the date the Fund receives your completed enrollment information.
- A newborn child – Your newborn child is covered on your dental plan for the first 31 days after birth.
  - To keep your newborn covered, the Fund must receive your completed enrollment information within 31 days of birth.
  - You must still enroll the child within 31 days of birth even when coverage does not require payment of an additional contribution for the covered dependent.
  - If you miss this deadline, your newborn will not have dental benefits after the first 31 days.
- An adopted child – A child that you, or that you and your spouse or domestic partner adopts is covered on your plan for the first 31 days after the adoption is complete.
  - To keep your adopted child covered, the Fund must receive your completed enrollment information within 31 days after the adoption.
  - If you miss this deadline, your adopted child will not have dental benefits after the first 31 days.
- A stepchild – You may put a child of your spouse or domestic partner on your plan.
  - You must complete your enrollment information and send it to the Fund within 31 days after the date of your marriage or your Declaration of Domestic Partnership with your stepchild's parent.
  - Ask the Fund when benefits for your stepchild will begin. It will be either on the date of your marriage, the date your Declaration of Domestic Partnership is filed or the first day of the month following the date the Fund receives your completed enrollment information.

Notification of change in status

It is important that you notify the Fund of any changes in your benefit status. This will help the Fund effectively maintain your benefit status. Please notify the Fund as soon as possible of status changes such as:

- Change of address or phone number
- Change in marital status
- Change of covered dependent status
- A covered dependent who enrolls in any other group dental plan

Late entrant rule

The Fund's plan does not cover services or supplies given to a person age 5 or older if that person did not enroll in the Fund's plan during one of the following:

- The first 31 days the person is eligible for this coverage or
- Any period of open enrollment agreed to by the Fund

This does not apply to charges incurred for any of the following:

- After the person had been covered by the Fund's plan for 12 months
- As a result of **injuries** sustained while covered by the Fund's plan
- Diagnostic and preventive services such as exams, cleanings, fluoride, and images (orthodontia related services are not included).

Special times you and your dependents can join the plan

You can enroll in these situations:

- When you did not enroll in this plan before because:
  - You were covered by another group dental plan, and now that other coverage has ended.
  - You had COBRA, and now that coverage has ended.
- You have added a dependent because of marriage, birth, adoption or foster care. See the *Adding new dependents* section for more information.
- When a court orders that you cover a current spouse, domestic partner, or a minor child on your dental plan.

The Fund or the party they designate must receive your completed enrollment information from you within 31 days of that date on which you no longer have the other coverage mentioned above.

Effective date of coverage

Your coverage will be in effect as of the date you become eligible for dental benefits.

Medical necessity requirements

The starting point for **covered benefits** under your plan is whether the services and supplies are **eligible dental services.** See the *Eligible dental services* and *Exclusions* sections plus the schedule of benefits.

Your plan pays for its share of the expense for **eligible dental services** only if the **eligible dental service** is **medically necessary**.

This section addresses the **medical necessity** requirements.

Medically necessary / medical necessity

As we said in the *Let's get started!* section, **medical necessity** is a requirement for you to receive a **covered benefit** under this plan.

The **medical necessity** requirements are in the *Glossary* section, where we define "**medically necessary**, **medical necessity.**"

What are your eligible dental services?

The information in this section is the first step to understanding your plan's **eligible dental services**. If you have questions about this section, see the *How to contact us for help* section.

Your plan covers many kinds of dental care services and supplies. Your **eligible dental services** are listed in the schedule of benefits. There you will find the detailed list of **eligible dental services**. But sometimes those services are not covered at all or are covered only up to a limit.

You can find out about exclusions in the *Exclusions* and the *What rules and limits apply to dental care* sections, and about the limitations in the schedule of benefits.

Dental emergency

Eligible dental services include dental services provided for a **dental emergency**. The care provided must be a **covered benefit**.

If you have a **dental emergency**, you should consider calling your dental **in-network provider** who may be more familiar with your dental needs. However, you can get treatment from any **dentist** including one that is an **out-of-network provider**. If you need help in finding a **dentist**, call Member Services.

What rules and limits apply to dental care?

Several rules apply to the dental benefits. Following these rules will help you use your plan to your advantage by avoiding expenses that are not covered by your plan.

Alternate treatment rule

Sometimes there are several ways to treat a dental problem, all of which provide acceptable results.

If a charge is made for a non-eligible dental service or supply and an **eligible dental service** that would provide an acceptable result, then your plan will pay a benefit for the **eligible dental service** or supply.

If a charge is made for an **eligible dental service** but another **eligible dental service** that would provide an acceptable result is less expensive, the benefit will be for the least expensive **eligible dental service**.

The benefit will be based on the **in-network provider**'s **negotiated charge** for the **eligible dental service** or, in the case of an **out-of-network provider**, on the **recognized charge**.

You should review the differences in the cost of alternate treatment with your **dental provider**. Of course, you and your **dental provider** can still choose the more costly treatment method. You are responsible for any charges in excess of what your plan will cover.

Coverage for dental work begun before you are covered by the plan

Your plan does not cover dental work that began before you were covered by the plan. This means that the following dental work is not covered:

- An appliance, or modification of an appliance, if an impression for it was made before you were covered by the plan
- A crown, bridge, or cast or processed restoration, if a tooth was prepared for it before you were covered by the plan
- Root canal therapy, if the pulp chamber for it was opened before you were covered by the plan

Orthodontic limitation for late enrollees

The plan will not cover the charges for an orthodontic procedure for which an active appliance for that procedure has been installed within the 2 year period starting with the date you became covered by the plan. This limit applies only if you do not become enrolled in the plan within 31 days after you first become eligible.

Reimbursement policies

We have the right to apply **Aetna** reimbursement policies. Those policies may reduce the **negotiated charge** or **recognized charge.** These policies take into account factors such as:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided and
- The educational level, licensure or length of training of the **provider**

Aetna reimbursement policies are based on our review of:

- The Centers for **Medicare** and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of dental practice and
- The views of **providers** and **dentists** practicing in the relevant clinical areas

We use commercial software to administer some of these policies. Some policies are different for professional services than for facility services.

Replacement rule

Some **eligible dental services** are subject to your plan's replacement rule. The replacement rule applies to replacements of, or additions to existing:

- Crowns
- Inlays
- Onlays
- Implants
- Veneers
- Complete dentures
- Removable partial dentures
- Fixed partial dentures (bridges)
- Other prosthetic services

These **eligible dental services** are covered only when you give us proof that:

- While you were covered by the plan:
  - You had a tooth (or teeth) extracted after the existing denture or bridge was installed.
  - As a result, you need to replace or add teeth to your denture or bridge.
- The present item cannot be made serviceable, and is:
  - A crown or inlay installed at least 3 years before its replacement.
  - An onlay, veneer, complete denture, removable partial denture, fixed partial denture (bridge), implant, or other prosthetic item installed at least 5 years before its replacement.
- While you were covered by the plan:
  - You had a tooth (or teeth) extracted.
  - Your present denture is an immediate temporary one that replaces that tooth (or teeth).
  - A permanent denture is needed, and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.

An advance claim review

The purpose of an advance claim review is to provide an estimate, in advance, of what we may pay for proposed services. Knowing ahead of time which services are **eligible dental services** and what your plan may pay helps you and your **dentist** make informed decisions about the care you are considering. The estimate is not a guarantee of coverage and payment.

In estimating the amount of benefits payable, we will look at alternate procedures, services, or courses of treatment for the dental condition in question in order to meet the expected result.

The estimate is voluntary. It is not necessary for **dental emergency services** or routine care such as cleaning teeth or check-ups or any other service.

When to get an advance claim review

An estimate is recommended whenever a course of dental treatment is likely to cost more than $350. Here are the steps involved with getting an advance claim review:

1. Ask your **dentist** to write down a full description of the treatment you need. They must either use an **Aetna** claim form or an American Dental Association (ADA) approved claim form.
2. Your **dentist** should send the form to us before treating you.
3. We may request supporting images and other diagnostic records.
4. Once all of the information has been gathered, we will review the proposed treatment plan and provide you and your **dentist** with a statement outlining the estimated benefits payable.
5. You and your **dentist** can then decide how to proceed.

What is a course of dental treatment?

A course of dental treatment is a planned program of one or more services or supplies. The services or supplies are provided by one or more **dentists** to treat a dental condition that was diagnosed by the attending **dentist** as a result of an oral examination. A course of treatment starts on the date your **dentist** first renders a service to correct or treat the diagnosed dental condition.

What your plan doesn't cover – some eligible dental service exclusions

We already told you about the many dental care services and supplies that are eligible for coverage under your plan in the *What are your eligible dental services* section. In that section we also told you that some dental care services and supplies have exclusions and some are not covered at all (exclusions).

  - Scaling of teeth
  - Cleaning of teeth
  - Topical application of fluoride.
- Charges submitted for services by an unlicensed **provider** or not within the scope of the **provider's** license.

Services paid under your medical plan

- Your plan will not pay for amounts that were paid for the same services under a medical plan covering you. When a dental service is covered under both plans, we will figure the amount that would be payable under this plan if you did not have other coverage, then subtract what was paid by your medical plan. If there is any difference, this plan will pay it. If the amount paid by your medical plan is equal to or more than the benefit under this plan, this plan will not pay anything for the service.

Services provided by a family member

- Services provided by a spouse, civil union partner, domestic partner, parent, child, step-child, brother, sister, in-law or any household member

Work related illness or injuries

- Coverage available to you under workers' compensation or under a similar program under local, state or federal law for any **illness** or **injury** related to employment or self-employment.
- A source of coverage or reimbursement will be considered available to you even if you waived your right to payment from that source. You may also be covered under a workers' compensation law or similar law.
- If you submit proof that you are not covered for a particular **illness** or **injury** under such law, then that **illness** or **injury** will be considered "not work related" regardless of cause.

Who provides the care

Just as the starting point for coverage under your plan is whether the services and supplies are **eligible dental services**, the foundation for getting covered care is through our network. This section tells you about **in-network** and **out-of-network providers**.

In-network providers
We have contracted with **dental providers** to provide **eligible dental services** to you. These **dental providers** make up the network for your plan. For you to receive the network level of benefits you must use **in-network providers** for **eligible dental services**.

The exceptions are:

- **Dental emergency services** – Refer to the *What are your eligible dental services* section
- **In-network providers** are not available to provide the service or supply that you need

You may select **in-network providers** from the **directory** or by logging on to our website at www.aetna.com. You can search our online **directory** for names and locations of **dental providers**.

You will not have to submit claims for treatment received from **in-network providers**. Your **in-network provider** will take care of that for you. And we will directly pay the **in-network provider** for what the plan owes.

Out-of-network dental providers
You also have access to **out-of-network providers**. This means you can receive **eligible dental services** from an **out-of-network provider**. If you use an **out-of-network provider** to receive **eligible dental services**, you are subject to a higher out-of-pocket expense and are responsible for:

- Paying your out-of-network **deductible**
- Your out-of-network **payment percentage**
- Any charges over our **recognized charge**
- Submitting your own claims

What the plan pays and what you pay

Who pays for your **eligible dental services** – this plan, both of us, or just you? That depends. This section gives the general rule and explains these key terms:

- Your **deductible**
- Your **payment percentage**
- Your maximums

We also remind you that sometimes you will be responsible for paying the entire bill – for example, if you get care that is not an **eligible dental service**.

The general rule

When you get **eligible dental services**:

- You pay your **deductible**

  And then

- Your plan and you share the expense up to any **Calendar Year** and **lifetime maximum**. The schedule of benefits lists how much you pay and how much your plan pays. The payment percentage may vary by the type of expense. Your share is called payment percentage.

  And then

- You are responsible for any amounts above the **maximum**.

When we say "expense" in this general rule, we mean the **negotiated charge** for **in-network providers**, and **recognized charge** for **out-of-network providers**. See the *Glossary* section for what these terms mean.

Important note – when you pay all

You pay the entire expense for an **eligible dental service**:
When you get a dental care service or supply that is not **medically necessary**. See the *Medical necessity requirements* section.

In all these cases, the **dental provider** may require you to pay the entire charge. And any amount you pay will not count towards your **deductible** or towards your **Calendar Year** or lifetime **maximum**.

Special financial responsibility

You are responsible for the entire expense of:

- Cancelled or missed appointments

Neither you nor we are responsible for:

- Charges for which you have no legal obligation to pay
- Charges that would not be made if you did not have coverage
- Charges, expenses or costs in excess of the **negotiated charge** for in-network **covered benefits**

Where your schedule of benefits fits in

This section explains some of the terms you will find in your schedule of benefits.

How your deductible works

Your **deductible** is the amount you need to pay for **eligible dental services** per **Calendar Year** before your plan begins to pay for **eligible dental services**. Your schedule of benefits shows the **deductible** amounts for your plan.

How we count your deductible

When you see **in-network providers**, we count the **negotiated charge** toward your **in-network deductible**. When you see **out-of-network providers**, we count the **recognized charge** toward your **out-of-network deductible**.

How your payment percentage works

Your **payment percentage** is the amount your plan pays for **eligible dental services** after you have paid your **deductible**. Your schedule of benefits shows you which **payment percentage** your plan will pay for specific **eligible dental services**.

How your maximum works

The maximum is the most your plan will pay for **eligible dental services** per **Calendar Year** and lifetime incurred by you or your covered dependent after any applicable **deductible** and **payment percentage**. You are responsible for any amounts above the **maximum**.

Important note:
See the schedule of benefits for any **deductibles, payment percentage**, maximum and maximum age, visit limits, and other limitations that may apply.

Claim decisions and appeals procedures

In the previous section, we explained how you and the plan share responsibility for paying for your **eligible dental services**.

When a claim comes in, the Fund decides how you and the plan will split the expense. We also explain what you can do if you think we got it wrong.

Claims are processed in the order in which they are received.

Claim procedures

You or your **dental provider** are required to send us a claim in writing. You can request a claim form from us. We will review that claim for payment to the **provider** or to you as appropriate.

The table below explains the claim procedures as follows:

Notice	Requirement	Deadline
Submit a claim	• You should notify and request a claim form from the Fund • The claim form will provide instructions on how to complete and where to send the form(s)	• You must send us notice and proof within 90 days • If you are unable to complete a claim form, you may send us: – A description of services – Bill of charges – Any dental documentation you received from your **dental provider**
Proof of loss (claim) When you have received a service from an eligible **dental provider**, you will be charged. The information you receive for that service is your proof of loss.	• A completed claim form and any additional information required by the Fund	• You must send us notice and proof within 90 days
Benefit payment	• Written proof must be provided for all benefits • If any portion of a claim is contested by us, the uncontested portion of the claim will be paid promptly after the receipt of proof of loss.	• Benefits will be paid as soon as the necessary proof to support the claim is received

If, through no fault of your own, you are not able to meet the deadline for filing a claim, your claim will still be accepted if it is filed as soon as possible. Unless you are legally incapacitated, late claims will not be covered if they are filed more than 24 months after the deadline.

Communicating our claim decisions

The amount of time that we have to tell you about our decision on a claim is shown below.

Post-service claim

A post service claim is a claim that involves dental care services you have already received.

Type of notice	Post-service claim
Initial decision by us	30 days
Extensions	15 days
If we request more information	30 days
Time you have to send us additional information	45 days

Adverse benefit determinations

We pay many claims at the full rate **negotiated charge** with **in-network providers** and the **recognized charge** with **out-of-network providers**, except for your share of the costs. But sometimes we pay only some of the claim. And sometimes we don't pay at all. Any time we don't pay even part of the claim that is an "adverse benefit determination" or "adverse decision".

If we make an adverse benefit determination, we will tell you in writing.

The difference between a complaint and an appeal

A complaint

You may not be happy about a **dental provider** or an operational issue, and you may want to complain. You can call or write Member Services. Your complaint should include a description of the issue. You should include copies of any records or documents that you think are important. We will review the information and provide you with a written response within 30 calendar days of receiving the complaint. We will let you know if we need more information to make a decision.

An appeal

You can ask us to re-review an adverse benefit determination. This is called an appeal. You can appeal to us verbally or in writing.

Appeals of adverse benefit determinations

You can appeal our adverse benefit determination. We will assign your appeal to someone who was not involved in making the original decision. You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to Member Services at the address on the notice of adverse benefit determination. Or you can call Member Services at number on your ID card. You need to include:

- Your name
- The Fund's name
- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider

Another person may submit an appeal for you, including a **dental provider**. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your **dental provider**). You should fill out an authorized representative form telling us that you are allowing someone to appeal for you. You can get this form by contacting us. You can use an authorized representative at any level of appeal.

You can appeal two times under this plan. If you appeal a second time you must present your appeal within 60 calendar days from the date you receive the notice of the first appeal decision.

Timeframes for deciding appeals

The amount of time that we have to tell you about our decision on an appeal claim depends on the type of claim. The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

Type of notice	Post-service appeal	
Initial decision by us	30 days	

Exhaustion of appeals process

You must complete the appeal process with us before you can take these actions:

- Pursue arbitration, litigation or other type of administrative proceeding.

Recordkeeping

We will keep the records of all complaints and appeals for at least 10 years.

Fees and expenses

We do not pay any fees or expenses incurred by you when you submit a complaint or appeal.

Coordination of benefits

Some people have dental coverage under more than one plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB).

Key terms
Here are some key terms we use in this section. These terms will help you understand this COB section.

Allowable expense means:

- A dental care expense that any of your dental plans cover to any degree. If the dental care service is not covered by any of the plans, it is not an allowable expense. For example, **cosmetic surgery** generally is not an allowable expense under this plan.

In this section we talk about other "plans" which are those plans where you may have other coverage for dental care expenses, such as:

- Group or non-group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
- Labor-management trustee plans, labor organization plans, Fund organization plans, or participant benefit organization plans
- An automobile insurance policy
- Governmental benefits
- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

Here's how COB works

- The primary plan pays first. When this is the primary plan, we will pay your claims first as if the other plan does not exist.
- The secondary plan pays after the primary plan. When this is the secondary plan, we will pay benefits after the primary plan and will reduce the payment based on any amount the primary plan paid.
- We will never pay an amount that, when combined with payments from your other coverage, add up to more than 100% of the allowable expenses.

Determining who pays
Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary.

A plan that does not contain a COB provision is always the primary plan.

If you are:	Primary plan	Secondary plan
Covered under the plan as a participant, retired participant or dependent	The plan covering you as a participant or retired participant	The plan covering you as a dependent You cannot be covered as a participant and dependent
COB rules for dependent children		
Child of: • Parents who are married or living together	The "birthday rule" applies The plan of the parent whose birthday* (month and day only) falls earlier in the **Calendar Year** *Same birthdays--the plan that has covered a parent longer is primary	The plan of the parent born later in the year (month and day only)* *Same birthdays--the plan that has covered a parent longer is primary
Child of: • Parents separated or divorced or not living together • With court-order	The plan of the parent whom the court said is responsible for dental coverage But if that parent has no coverage then the other spouse's plan	The plan of the other parent But if that parent has no coverage, then his/her spouse's plan is primary
Child of: • Parents separated or divorced or not living together – court-order states both parents are responsible for coverage or have joint custody	Primary and secondary coverage is based on the birthday rule	
Child of: • Parents separated or divorced or not living together and there is no court-order	The order of benefit payments is: • The plan of the custodial parent pays first • The plan of the spouse of the custodial parent (if any) pays second • The plan of the noncustodial parents pays next • The plan of the spouse of the noncustodial parent (if any) pays last	
• Child covered by: Individual who is not a parent (i.e. stepparent or grandparent)	Treat the person the same as a parent when making the order of benefits determination: See *Child of* content above	

Active or inactive participant	The plan covering you as an active participant (or as a dependent of an active participant) is primary to a plan covering you as a laid off or retired participant (or as a dependent of a former participant)	A plan that covers the person as a laid off or retired participant (or as a dependent of a former participant) is secondary to a plan that covers the person as an active participant (or as a dependent of an active participant)

COBRA or state continuation	The plan covering you as a participant or retiree or the dependent of a participant or retiree is primary to COBRA or state continuation coverage	COBRA or state continuation coverage is secondary to the plan that covers the person as a participant or retiree or the dependent of a participant or retiree
Longer or shorter length of coverage	If none of the above rules determine the order of payment, the plan that has covered the person longer is primary	
Other rules do not apply	If none of the above rules apply, the plans share expenses equally	

How are benefits paid?	
Primary plan	The primary plan pays your claims as if there is no other dental plan involved
Secondary plan	The secondary plan calculates payment as if the primary plan did not exist, and then applies that amount to any allowable expenses under the secondary plan that were not covered by the primary plan. The secondary plan will reduce payments so the total payments do not exceed 100% of the total allowable expense

Other dental coverage updates – contact information

You should contact us if you have any changes to your other coverage. We want to be sure our records are accurate so your claims are processed correctly. See the *How to contact us for help* section for details.

Right to receive and release needed information

We have the right to release or obtain any information we need for COB purposes. That includes information we need to recover any payments from your other dental plans.

Right to pay another carrier

Sometimes another plan pays something we would have paid under your plan. When that happens, we will pay your plan benefit to the other plan.

Right of recovery

If we pay more than we should have under the COB rules, we may recover the excess from:

- Any person we paid or for whom we paid
- Any other plan that is responsible under these COB rules.

When coverage ends

Coverage can end for a number of reasons. This section tells you how and why coverage ends.

When will your coverage end?

Coverage under this plan will end if:

- This plan is discontinued
- You voluntarily stop your coverage
- You are no longer eligible for coverage
- The Fund has notified us that your employment is ended
- You do not make any required contributions
- You become covered under another dental plan offered by the Fund

When coverage may continue under the plan

Your coverage under this plan will continue if:

Your employment ends because of **illness, injury**, sabbatical or other authorized leave as agreed to by the Fund and us.	If required contribution payments are made for you, you may be able to continue to coverage under the plan as long as the Fund agrees to do so and as described below: • Your coverage may continue, until stopped by the Fund, but not beyond 30 months from the start of your absence.
Your employment ends because of a temporary lay-off, temporary leave of absence, sabbatical, or other authorized leave as agreed to by the Fund.	If contribution payments are made for you, you may be able to continue to coverage under the plan as long as the Fund agrees to do so and as described below: • Your coverage will stop on the date that your employment ends.
Your employment ends because: • Your job has been eliminated • You have been placed on severance, or • This plan allows former participants to continue their coverage.	You may be able to continue coverage. See the *Special coverage options after your plan coverage end*s section.
Your employment ends because of a paid or unpaid medical leave of absence	If contribution payments are made for you, you may be able to continue to coverage under the plan as long as the Fund agrees to do so and as described below: • Your coverage may continue until stopped by the Fund but not beyond 30 months from the start of the absence.
Your employment ends because of a leave of absence that is not a medical leave of absence	If contribution payments are made for you, you may be able to continue to coverage under the plan as long as the Fund agrees to do so and as described below: • Your coverage may continue until stopped by the Fund but not beyond 1 month from the start of the absence.
Your employment ends because of a military leave of absence.	If contribution payments are made for you, you may be able to continue to coverage under the plan as long as the Fund agrees to do so and as described below: • Your coverage may continue until stopped by the Fund but not beyond 24 months from the start of the absence.

It is the Fund's responsibility to let us know when your employment ends. The limits above may be extended only if the Fund agrees in writing to extend them.

When will coverage end for any dependents?

Coverage for your dependent will end if:

- Your dependent is no longer eligible for coverage
- You do not make the required contribution toward the cost of dependents' coverage
- Your coverage ends for any of the reasons listed above

In addition, coverage for your domestic partner or civil union partner will end on the earlier of:

- The date this plan no longer allows coverage for domestic partners or civil unions
- The date the domestic partnership or civil union ends. For domestic partnerships, you should provide the Fund a completed and signed Declaration of Termination of Domestic Partnership.

What happens to your covered dependents if you die?

Coverage for dependents may continue for some time after your death. See the *Special coverage options after your plan coverage ends* section for more information.

Why coverage could end for you and your dependents?

The Fund may end your coverage for any number of reasons—for some reasons the Fund will give you notice before terminating your coverage, for other reasons the Fund may terminate your coverage immediately.

The Fund will give you 30 days advance written notice if the Fund ends your coverage because you commit fraud or intentionally misrepresent yourself when you applied for or obtained coverage. You can refer to the *General provisions – other things you should know* section for more information on rescissions.

On the date your coverage ends, we will refund to the Fund any prepayments for periods after the date your coverage ended.

Special coverage options after your plan coverage ends

This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have.

Consolidated Omnibus Budget Reconciliation Act (COBRA) Rights

What are your COBRA rights?
COBRA gives some people the right to keep their dental coverage for 18, 29 or 36 months after a "qualifying event". COBRA usually applies to the Fund of group sizes of 20 or more.

Here are the qualifying events that trigger COBRA continuation, who is eligible for continuation and how long coverage can be continued.

Qualifying event causing loss of coverage	**Covered persons eligible for continued coverage**	**Length of continued coverage (starts from the day you lose current coverage)**
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
You divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
Your covered dependent children no longer qualify as dependent under the plan	Your dependent children	36 months
You die	Your dependents	36 months
You are a retiree eligible for retiree dental coverage and the former Fund files for bankruptcy	You and your dependents	18 months

When do I receive COBRA information?
The chart below lists who is responsible for giving the notice, the type of notice they are required to give and the timing.

The Fund/Group dental plan notification requirements		
Notice	**Requirement**	**Deadline**
General notice – the Fund or **Aetna**	Notify you and your dependents of COBRA rights	Within 90 days after active participant coverage begins
Notice of qualifying event – the Fund	• Your active employment ends for reasons other than gross misconduct • Your working hours are reduced • You die • You are a retiree eligible for retiree dental coverage and the former Fund files for bankruptcy	Within 30 days of the qualifying event or the loss of coverage, whichever occurs later
Election notice – the Fund or **Aetna**	Notify you and your dependents of COBRA rights when there is a qualifying event	Within 14 days after notice of the qualifying event
Notice of unavailability of COBRA – the Fund or **Aetna**	Notify you and your dependents if you are not entitled to COBRA coverage.	Within 14 days after notice of the qualifying event
Termination notice – the Fund or **Aetna**	Notify you and your dependents when COBRA coverage ends before the end of the maximum coverage period	As soon as practical following the decision that continuation coverage will end

You/your dependents notification requirements		
Notice of qualifying event – qualified beneficiary	Notify the Fund if: • You divorce or legally separate and are no longer responsible for dependent coverage • Your covered dependent children no longer qualify as a dependent under the plan	Within 60 days of the qualifying event or the loss of coverage, whichever occurs later
Disability notice	Notify the Fund if: • The Social Security Administration determines that you or a covered dependent qualify for disability status	Within 60 days of the decision of disability by the Social Security Administration, and before the 18 month coverage period ends
Notice of qualified beneficiary's status change to non-disabled	Notify the Fund if: • The Social Security Administration decides that the beneficiary is no longer disabled	Within 30 days of the Social Security Administration's decision
Enrollment in COBRA	Notify the Fund if: • You are electing COBRA	60 days from the qualifying event. You will lose your right to elect, if you do not: • Respond within the 60 days • And send back your application

How can you extend the length of your COBRA coverage?
The chart below shows qualifying events after the start of COBRA (second qualifying events):

Qualifying event	**Person affected (qualifying beneficiary)**	**Total length of continued coverage**
Disabled within the first 60 days of COBRA coverage (as determined by the Social Security Administration)	You and your dependents	29 months (18 months plus an additional 11 months)
• You die • You divorce or legally separate and are no longer responsible for dependent coverage • Your covered dependent children no longer qualify as dependent under the plan	You and your dependents	Up to 36 months

How do you enroll in COBRA?
You enroll by sending in an application and paying the **fee**. The Fund has 30 days to send you a COBRA election notice. It will tell you how to enroll and how much it will cost. You can take 60 days from the qualifying event to decide if you want to enroll. You need to send your application and pay the **fee**. If this is completed on time, you have enrolled in COBRA.

When is your first fee payment due?
Your first **fee** payment must be made within 45 days after the date of the COBRA election.

How much will COBRA coverage cost?
For most COBRA qualifying events you and your dependents will pay 102% of the total plan costs. This additional 2% covers administrative fees. If you apply for COBRA because of a disability, the total due will be 150% of the plan costs.

Can you add a dependent to your COBRA coverage?
You may add a new dependent during a period of COBRA coverage. They can be added for the rest of the COBRA coverage period if:

- They meet the definition of an eligible dependent.
- You notified the Fund within 31 days of their eligibility.
- You pay the additional required **fees**.

When does COBRA coverage end?
COBRA coverage ends if:

- Coverage has continued for the maximum period.
- The plan ends. If the plan is replaced, you may be continued under the new plan.
- You and your dependents fail to make the necessary payments on time.
- You or a covered dependent become covered under another group dental plan.
- You or your dependents are continuing coverage during the 19th to 29th months of a disability, and the disability ends.

Continuation of coverage for other reasons

What exceptions are there for dental work when coverage ends?
Your dental coverage may end while you or your covered dependent are in the middle of treatment. The plan does not cover dental services that are given after your coverage terminates. There is an exception. The plan will cover the following services if they are ordered while you were covered by the plan, and installed within 30 days after your coverage ends:

- Inlays
- Onlays
- Crowns
- Removable bridges
- Cast or processed restorations
- Dentures
- Fixed partial dentures (bridges)
- Root canals

Ordered means:

- For a denture: The impressions from which the denture will be made were taken
- For a root canal: The pulp chamber was opened
- For any other item: The teeth which will serve as retainers or supports, or the teeth which are being restored:
  - Must have been fully prepared to receive the item
  - Impressions have been taken from which the item will be prepared

How can you extend dental coverage for your disabled child beyond the plan age limits?
You have the right to extend dental coverage for your dependent child beyond the plan age limits. If your disabled child:

- Is not able to be self-supporting because of mental or physical disability, and
- Depends mainly (more than 50% of income) on you for support

The right to coverage will continue only as long as a **physician** certifies that your child still is disabled.

We may ask you to send us proof of the disability within 31 days of the date coverage would have ended. Before we extend coverage, we may ask that your child get a physical exam. We will pay for that exam.

We may ask you to send proof that your child is disabled after coverage is extended. We won't ask for this proof more than once a year. You must send it to us within 31 days of our request. If you don't, we can terminate coverage for your dependent child.

Your disabled child's coverage will end:

- On the date the child is no longer disabled and dependent upon you for support or
- As explained in the *When will coverage end for any dependents* section

How can you extend coverage for a child in college on medical leave?
You have the right to extend coverage for your dependent college student who takes a **medically necessary** leave of absence from school. The right to coverage will be extended until the earlier of:

- One year after the leave of absence begins, or
- The date coverage would otherwise end

To extend coverage the leave of absence must:

- Begin while the dependent child is suffering from a serious **illness** or **injury**,
- Cause the dependent child to lose status as a full-time student under the plan
- Be certified by the treating **physician** as **medically necessary** due to a serious **illness** or **injury**

We must receive documentation or certification of the **medical necessity** for a leave of absence:

- At least 30 days prior to the absence, if the medical reason for the absence and the absence are foreseeable, or
- 30 days after the start date of the medical leave of absence from school

The **physician** treating your child will be asked to keep us informed of any changes.

General provisions – other things you should know

Administrative provisions

How you and we will interpret this booklet
We prepared this booklet according to ERISA, and according to other federal and state laws that apply. You and we will interpret it according to these laws. Also, you are bound by our interpretation of this booklet when we administer your coverage, so long as we use reasonable discretion.

How we administer this plan
We apply policies and procedures we've developed to administer this plan.

Who's responsible to you
We are responsible to you for what our employees and other agents do.

We are not responsible for what is done by your **providers**. They are not our employees or agents.

Coverage and services

Your coverage can change
Your coverage is defined by the **group contract**. This document may have amendments too. Under certain circumstances, the Fund or the law may change your plan. Only **Aetna** may waive a requirement of your plan. No other person –the **provider** – can do this.

If a service cannot be provided to you
Sometimes things happen that are outside of our control. These are things such as natural disasters, epidemics, fire and riots.

We will try hard to get you access to the services you need even if these things happen. But if we can't, we may refund you or the Fund any unearned **fee**.

Financial sanctions exclusions:
If coverage provided under this booklet violates or will violate any economic or trade sanctions, the coverage will be invalid immediately. For example, we cannot pay for **eligible dental services** if it violates a financial sanction regulation. This includes sanctions related to a person or a country under sanction by the United States, unless it is allowed under a written license from the Office of Foreign Assets Control (OFAC). You can find out more by visiting http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx.

Legal action
We encourage you to complete the appeal process before you take any legal action against us for any expense or bill. You cannot take any action until 60 days after we receive written submission of claim. See the *When you disagree - claim decisions and appeals procedures* section.

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Physical examinations and evaluations
At our expense, we have the right to have a **provider** of our choice examine you. This will be done at all reasonable times while a claim for benefits is pending or under review.

Records of expenses
You should keep complete records of your expenses. They may be needed for a claim.

Things that would be important to keep are:

- Names of **dental providers**, **dentists** and others **providers** who provide services
- Dates expenses are incurred
- Copies of all bills and receipts

Honest mistakes and intentional deception

Honest mistakes

You or the Fund may make an honest mistake when you share facts with us. When we learn of the mistake, we may make a fair change in **fee** contribution or in your coverage. If we do, we will tell you what the mistake was. We won't make a change if the mistake happened more than 2 years before we learned of it.

Intentional deception

If we learn that you defrauded us or you intentionally misrepresented material facts, we can take actions that can have serious consequences for your coverage. These serious consequences include, but are not limited to:

- Loss of coverage, starting at some time in the past. If we paid claims for your past coverage, we will want the money back.
- Loss of coverage going forward.
- Denial of benefits.
- Recovery of amounts we already paid.

We also may report fraud to criminal authorities.

Some other money issues

Assignment of benefits

When you see **in-network providers** they will usually bill us directly. When you see **out-of-network providers**, we may choose to pay you or to pay the **provider** directly. Unless we have agreed to do so in writing and to the extent allowed by law, we will not accept an assignment to an **out-of-network provider** under this **group contract**. This may include:

- The benefits due
- The right to receive payments or
- Any claim you make for damages resulting from a breach, or alleged breach, of the terms of this **group contract**

To request assignment you must complete an assignment form. The assignment form is available from the customer. The completed form must be sent to us for consent.

Recovery of overpayments

If a benefit payment is made by the Plan, to you or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right to require the return of the overpayment. The Plan has the right to reduce by the amount of the overpayment, any future benefit payment made to or on behalf of a Participant in the Plan. Another way that overpayments are recovered is by reducing future payments to the provider by the amount of the overpayment. These future payments may involve this Plan or other health plans that are administered by the Plan's third-party administrator - Aetna. Under this process, Aetna reduces future payments to providers by the amount of the overpayment they received, and then credit the recovered amount to the plan that overpaid the provider. Payments to providers under this Plan are subject to this same process when Aetna recovers overpayments for other plans administered by Aetna.

This right does not affect any other right of recovery the Plan may have with respect to overpayments.

Payment of fees
The first **fee** payment for this contract is due on or before your **effective date of coverage**. Your next **fee** payment will be due the 1st of each month ("**fee** due date"). Each **fee** payment is to be paid to us on or before the **fee** due date.

Your dental information

We will protect your dental information. We will use it and share it with others to help us process your **providers**' claims and manage your plan.

You can get a free copy of our Notice of Privacy Practices. Just call Member Services at 1-877-238-6200. When you accept coverage under this plan, you agree to let your **providers** share your information with us. We will need information about your physical and mental condition and care.

Effect of benefits under other plans

Effect of prior coverage - transferred business
Prior coverage means:

- Any plan of group coverage that has been replaced by coverage under part or all of this plan.
- The plan must have been sponsored by the customer (e.g., transferred business).
- If you are eligible, the replacement can be complete, or in part for your eligible class. Any such plan is prior coverage if provided by another group contract or any benefit section of this plan.

If your coverage under any part of this plan replaces any prior coverage any benefits provided under such prior coverage may reduce benefits payable under this plan. See the *General coverage provisions* section of the schedule of benefits.

Dental coverage under this plan will continue uninterrupted for your dependent college student who takes a **medically necessary** leave of absence from school. See the *Special coverage options after your plan coverage ends – How can you extend dental coverage for a child in college on medical leave?* section.

ERISA Rights

As a participant in the group benefit plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974. ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) that is filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), and an updated Summary Plan Description. The Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Receive a copy of the procedures used by the Plan for determining a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Continue Group Health Plan Coverage

Continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan for the rules governing your COBRA continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the participant benefit plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including the Fund, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to $ 110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your Plan, you should contact the Plan Administrator.

If you have any questions about this statement or about your rights under ERISA, you should contact:

- the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory; or
- the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If the Fund grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and the Fund.

If the Fund grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by the Fund to continue coverage. The Fund must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date the Fund determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by the Fund.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by the Fund, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date the Fund determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for the Fund following the date the Fund determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date the Fund determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because the Fund determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date the Fund determines the approved FMLA leave is terminated.

- The **deductibles** and **payment percentage** listed in the schedule of benefits below reflects the **deductibles** and **payment percentage** amounts under your plan.
- You must pay any **deductibles** and your part of the **payment percentage**.
- The **payment percentage** listed in the schedule of benefits reflects the plan **payment percentage**. This is the **payment percentage** amount the plan pays. You are responsible for paying any remaining **payment percentage**.
- You must pay the full amount of any dental care services you get that are not a **covered benefit** or that exceed your **Calendar Year** or **lifetime maximum**.
- This plan also has limits for some **covered benefits**. For example, these could be visit limits. They may be combined limits between or separate maximums for **in-network providers** and **out-of-network providers** unless we state otherwise.

Your financial responsibility and determination of benefits provisions

Your financial responsibility for the cost of services is based on when the service or supply is provided, not when payment is made.
